

April 2014 EDGE Report

In April, Librarian Carlson and Digital Media Specialist (DMS) Olney held their monthly programs, Teen Advisory Group, Teen Book Review Club, Minecraft Monthly and FIFA Friday. Librarian Carlson ran two craft programs including Paper Bead Making, Crocheting. He taught one technology program, Intro to 3D Printing, hosted Nutrition for Teens with the Registered Dietician from ShopRite, In Jung Casseday, and held a week long program "Re-Fault In Our Stars" with the Library's Harry Potter Alliance chapter.

DMS Olney held several technology programs including Design a Virtual House, Video Game Night, Music Production, Green Screen Video Making, and Garry's Mod. Part-Time Librarian Carroll hosted Introduction to Babysitting with Denise Schirmer.

DMS Olney designed FIFA Friday trophy, designed and printed May teen calendar, green screen flyer, video game creation workshop flyer. Librarian Carlson designed and printed flyers for Re-Fault In Our Stars and the upcoming adult 3D Printing class. Librarian Carlson also started printing 3D tchotchkes for the 6th Grade visits.

Olney attended Shinnyo-en sponsored National Service Learning Conference, visited Westport Mini Maker Faire, Gave tour to Jeff Davignon, Director of Walworth-Seely Public Library, Gave tour to Yonkers Riverfront librarians, Gave tour to Corning librarians.

Librarian Carlson attended the NYLA YSS Conference and gave a tour for the Past President's reception. Carlson and Olney both attended the Edge Donor Night event and showcased some of the technology in the Edge to attendees. They also attended planning meetings for the 6th grade visits, Maker Morning and Edge Donor Night events.

Librarian Carlson and DMS Olney continued to put purchase orders together for further technology in the Edge.
