

Dear Library Foundation Supporters,

**Exciting news!** Construction of our new teen space, The Edge, is well underway, and we will open late this Fall. Following is the architects' rendering of The Edge, and below that, a recent snapshot of work in progress. We are grateful for the support of donors like you who have helped make this project a reality.

Architects' Rendering of The Edge

The Edge, the new 3,000 sq. ft. teen space, is now under construction on the first floor of the White Plains Public Library. Behind a temporary wall, framing for The Edge has been built, and electrical and HVAC work is being done now. Before too long, carpeting, furniture, lighting, and electronic equipment will be installed. We are eagerly awaiting a late fall opening, and we'll announce a Grand Opening ceremony soon.
