Ongoing Business

Library Director Kenney stated he was working on the agenda for the Library Retreat on September 24th where approximately 40 people representing a cross-section of White Plains were expected to attend. Mr. Kenney has been conducting focus groups with community groups and was intending to reach a diverse representation of White Plains.

Library Director Kenney has been working with the architects on the mini-capital project and stated that he met with the Department of Public Works (DPW): DPW planned to do much of the work themselves, hiring contractors, electricians, etc. as needed. Library Director Kenney thought the project would start in December or January 2016 and noted that he was reviewing the plans on Phase II and III; with the help of the architects he was meeting with a professional estimator to determine costs for the next phases.

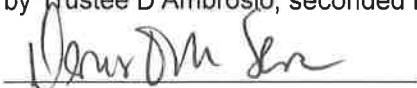

New Business

Mr. Kenney discussed the plan to draw up a plan of service for adults, and informed the Board that he had created a working group made up of staff from throughout the Library to determine the programs and services we should provide adults and the necessary space requirements. The group will present their findings to the Board in early 2016.

Mr. John Lolis discussed the status of technology in the Library and provided a roadmap to upcoming projects. Mr. Lolis remarked that decisions needed to be made as to whether to separate from the City's Microsoft Network as well as to whether to pursue off-site storage (the cloud) as recommended in the disaster recovery plan (approx. \$60 per year). John also suggested that the mobile print service where you upload a document, pay for it, and print it in the library should be more publicized. Library Director Kenney commented that he had instituted a free faxing service which was highly successful.

Adjournment

There being no more business before the Board, the meeting was adjourned at 8:02 p.m. on a MOTION by Trustee D'Ambrosio, seconded by Trustee Haynes.
