The Battle of the Books event is scheduled for Saturday, October 19th. We wish our teams good luck.

We then went down to the Edge, welcomed by Austin Olney, Teen Librarian. He introduced us to the wonderful world of the technologically adept teen. Among his other duties he conducts after school programs for kids who are interested in learning to use all the newest machinery of this age. Some of it amazed us - all of it is current and remarkable. Austin also serves adults who may have computer problems or need help with other new-age questions. His knowledge is vast and his explanations were more than interesting. Thank you, Austin.

We then traipsed outdoors to view the newly designed space between the Library and the Courthouse. We were delighted to see the beautiful use of an area that previously was simply a concrete wasteland. Lovely plantings, places to sit - perhaps have lunch - and much more. A well designed area that will be used by many

Our next meeting will be on November 13th at 10am in the Boardroom.
