RE: Donation of art

I donated my full length painted bench to the White Plains Library back in late 2019 (see photos below). The bench is titled BeE Kind To Bee Bench. My intention was for the library to use it in any way they found a use for it. I was delighted when I saw it was placed in your beautiful Trove Space. The value of the bench is \$1,200.

Please acknowledge my gift by providing me with a letter, stating your willingness to accept it and the value of the piece.

Thank you for all the years of wonderful reading my children and I have had thanks to The White Plains Public Library.

Ever thankful,

Ann Ladd
